occupying areca gardens as also the cooperative societies working in the area. On the exploitation of a stock and sale of areca to the extent of about 30000 nuts in the first year, the Registrar expects a saving of Rs 3750/- The expenditure on Establishment and other charges are proposed to be met at Rs 6750/- the deficit of Rs 3000/- being subsidised by Govt. The outline of the scheme is flagged C in the file. The Deputy Commissioner is proposed to be made the President of the Society and the Dy Registrar or an officer of the Dept or the officer in charge of the Society with headquarters at Sirsi from December to May every year.

As the question relates to the grant of a subsidy of Rs 3000/- to the society in the first year, the Concurrence of the Finance Dept is necessary to the proposed scheme. Submitted for orders.

14/9/39

To start this Society, the Registrar requests a subvention of Rs 3000/- by Govt. This is to meet the working expenditure in the first year.

2. Many garden owners of Malnad have been requesting Govt help since many years.

3. In the present scheme the Registrar is not in favour of crop loans as proposed at the first.

Serial No.

As such there is not much financial burden on Govt. All that is required now is a subvention of Rs 3000/- for one year. This question of subvention has already been considered and the Financial Secretary has opined that this subvention (then 2500/-) may be granted for one year (~~last~~ present year). The present recommendation to grant a subvention of Rs 3000/- for ~~year~~ one year may be sanctioned with Fl: concurrence.

With regard the question of making Shimoga as the headquarters of the Dy Registrar for 6 months and transfer of the clerk and the peon working under him to Shimoga during that period it is submitted that in the outline of the scheme sent by the Registrar it is stated that the Deputy Registrar or other officer placed in charge of the Society should be a member of the Committee and that the headquarters of the officer placed in charge of the Society should be Shimoga for six months It is submitted that the number of Assts in charge of Shimoga Dy is less than in either Bangalore or Mysore Dy. and the Shimoga Dy seems to be lighter than the other two Dys mentioned above

through the area covered by this order for the Coimbatore District of Nilgiris & Chittaloor. The change of the headquarters of the Dy Registrar to Nilgiris and back for six months in the year with the transfer of the ministerial and menial establishment to Nilgiris during that period may perhaps lead to administrative inconvenience and the proposal seems to require concurrence in the Finance Department. It is for consideration and orders whether the Asst Registrar Nilgiris may not be placed in charge of the Society and nominated as a member of the committee the Deputy Registrar inspecting the affairs of the Society once in two months a special detailed report being obtained by the Dy Registrar once a fortnight on the working of the society. (c) It may not be necessary to change his Head-Quarters on this account. There is a full time Marketing officer, who will be mainly responsible for the day to day working of the Society. All that is required of the Deputy Registrar is to watch carefully over the working of the Society. How the change of Head Quarters would afford better facilities to the Deputy Registrar is not

explained. Nor has it been made clear how the Deputy Registrar's presence always in Shimoga Division would help the successful working of the Society.

4. Between December and May, the Deputy Registrar has to inspect a number of Societies in the other Divisions. Besides he has to hear several appeals from the other Divisions. For this purpose he has to be touring quite a good number of days in a month in the other Divisions also. As such his presence and touring in Shimoga Dn alone may not be possible and would certainly interfere with his other legitimate duties. For these reasons, it is not necessary to change his Head-quarters as proposed by the Registrar.

He will not be able to devote as much attention as may be necessary to ensure the successful working of the scheme, as he has other work to attend & his jurisdiction extends over two districts. Continuous attention & an officer on the spot may be essential, especially in the early stages, so that the scheme may not be a failure for want of proper guidance & supervision. The Registrar therefore suggests that the Dy Registrar may be put on the Committee & vested with executive powers & control over the owners' bi headquarters, ~~[illegible]~~ being stationed to Shimla for the season — from December to May. with one clerk & two peons. Nothing is stated as to whether the officer & the staff should be given any allowance. It may be hard to deny them some allowance, if they are required to be at Shimla for six months in a year as such temporary shifting entails additional expense for them

(9) The subvention sanctioned is a sum not exceeding Rs 3000 per annum for a period of two years, to cover the deficit in the working expenses of the society. If by chance, the deficit in any of the years is less than Rs 3000, ~~it will~~ the subvention will be limited to the actual deficit. but in no case, it will exceed Rs 3000. On a proportionate basis, the annual expenses for 7 months in the current year, will be Rs 1750. As the Registrar pleads inability to meet this amount from the sanctioned grant for the Dept, an additional grant to this extent may be sanctioned & the demand placed before the next Legislative Council in June 1940. As the resources of the society may be employed, if the advance of Rs 500 is to be adjusted out of this amount, half of it may be adjusted during this year & the other half from the subvention to be paid during the first half of next year. The Comptroller should see that the subvention to be paid from 1st Dec 1939 to 30th Nov 1940, ~~does not exceed~~ is limited to the actual deficit but not exceeding Rs 3000

GEN. & REV. SECTT. 12 AUG. 1939 AGRI. & FOREST BRANCH.

FROM

M. ABDUL HUKH, ESQ., B.A.,
Registrar of Co-operative Societies in Mysore,
BANGALORE.

GENERAL SECRETARY. 12 AUG. 1939

To

J.Appaji Gowda,Esq., B.A.,(Hons),
Secretary to the Government of Mysore,
General Department, Bangalore.

Sir,

Subject:- Co-operative Marketing of Areca.

In continuation of my Un-Official Note No.12017/C.S.dated 11th April 1939, on the above subject, I have the honour to state that the Inspector who was placed on special duty and deputed for studying the markets for Malnad areca in the Madras Presidency, completed his tours by the end of June 1939 and furnished two Reports, one on 29th June 1939 and another on 4th July 1939. The Reports are enclosed for the information of Government.

2. From the Reports, it is clear that, to enable the sale of Areca at a more advantageous rate to the grower, grading and pooling of the nuts is very essential. To this, the growers do not agree, due mostly to conservatism and ignorance of the benefit of grading and pooling. The prejudice against grading and pooling can be overcome only by propaganda and practical results in the shape of better prices for graded areca sold in bulk. The Officers of the Department will be instructed to undertake the necessary propaganda and the Revenue Sub-Division Officers and Amildars will also be requested through the Deputy Commissioners of the Shimoga and Kadur Districts to do propaganda work in thi respect.

3. The chief markets for the Malnad areca with the average annual consumption are noted below:-

Madras	..	1,50,000maunds
Vellore	..	1,00,000 "
Nellore, Bezavada, Ongole and Guntur		1,00,000 "
Ceded Districts -		

P.T.O.

Ceded Districts - (Cuddapah, Bellary, Guntakal)		1,00,000 maunds.
Bangalore and Bowringpet	..	25,000 maunds
Total	..	4,75,000 maunds.

4. The Malnad areca is sorted into only three kinds viz., Hasa, Bette and Gotu in the Shimoga and Birur markets, whereas the stuff is re-sorted into several grades viz., pheeton, raja-alu, hasa, saraku, nuli vantige, sannabette, doddabette, bennumuri, etc., in the consuming markets and it is seen that by this process of re-sorting or grading better prices upto 1½ to 2 times the prices now realised could be secured.

5. With regard to the financing of the society to enable it to grant advances to individual growers on the stock kept in the godowns of the society before actual sale and receipt of the sale proceeds, I have consulted the authorities of the Bank of Mysore and the Apex Bank and both the Banks are agreeable to finance the society at 5% interest against stock in the society's godowns, upto 60 to 70 % of the market rate of the stock on hand. On a further investigation and careful consideration, I am of opinion that there are various difficulties in our undertaking to finance the grower against the standing crop and it is therefore not desirable and should not be undertaken by the Marketing Society. No doubt by eliminating this i.e., crop financing, many of the growers, whose resources are meagre, and who have to depend on the help of money-lenders or Mandi merchants for cultivation expenses, cannot take advantage of the society in the initial stages as they are under the clutches of the money-lenders and cannot easily extricate themselves from them. They can join the Marketing Society and reap the benefit of better prices, better practices and straight dealing after they are redeemed from their debts by the Land Mortgage Bank or the local Co-operative societies.

6. I therefore propose that a Co-operative Areca Marketing Society may be formed at Shimoga with jurisdiction over the Shimoga and Kadur Districts, with limited liability and an authorised capital of one lakh of rupees made up of 10,000 shares of Rs.10/- each. The membership of the society will be thrown open to individuals residing in the two -

two Districts and owning or occupying areca gardens as well as Co-operative institutions working in the area. The society will be a pure marketing society and will not grant finance for the cultivation of the gardens. A general outline of the scheme is appended. A suitable set of byelaws is under preparation and action will be taken to organise a society on the above lines on receipt of the orders of Government in the matter.

7. As the question of financing by Government does not now arise, there will be no commitment on behalf of Government in this respect. But to enable the society to meet its working expenses, which in the initial stages of the society's existence will naturally be high, it is necessary that it should be subsidised. The producers who bring their produce for sale through the society will, of course, be charged two annas commission per maund, the same as that which is being charged by the Mandi merchants now, and this is the only source of income for the society. In view of the fact that financing against standing crops or for cultivation expenses has not been proposed to be taken up by the society, the quantity of areca that could be handled by the society will be limited and I doubt if it would be possible to secure more than 30,000 maunds for sale during the first year. As the expenditure of the society in the initial stages is likely to amount to about Rs.3,000 per annum in excess of receipts as detailed below, I request that a subvention of Rs.3,000 may be sanctioned to the society for the first year, the question of such assistance in future years being considered later on as circumstances warrant.

Receipts.		Expenditure.	
Commission on 30,000 maunds at 2 annas per maund.	Rs.3,750	Pay of the Marketing Officer and ex-Officio Secretary of the society at Rs.100 p.m.	1,200

		Temporary establishment during the areca season for about four to five months (additional peons for weighing etc.) ..	500
Total ..	Rs.6,750/-	Total ..	Rs.6,750/-

8. With regard to the grading, I am in correspondence with Messrs. Binny and Co., who appear to have prepared some machine for the purpose, and if necessary a machine will be purchased by the society out of the share capital and loan it may be able to get on the security of the same from the Apex Bank or other Banks.

9. The question of appointing Agents for the sale of the society's areca will be taken up later on - say in December next after finding out approximately the quantity of the areca that would be handled by the society. The following firms have intimated their willingness to take up the sales Agency and the terms offered by them are noted against their names.

Office of the Registrar of Co-operative Societies
4 JULY 1939
No. 113

To

The Registrar of Co-Operative Societies,

in Mysore,

Bangalore.

In submitting my report of the 29th Ultimo, I offered to humbly suggest that the controlling of stocks of Areca was very essential before any attempt was made at controlling of prices, which I thought, was the ultimate aim of your goodself and the Government. The passing of the recent marketing bill into law, and my having had been asked to approach such business magnets like Messrs. Best & Co., Parry & Co., Rallie Bros., and Binny & Co., for inducing them to act as our prospective agents, led me to believe that our future plan of organizing Co-Operative Societies should be such as to provide for the rendering of the essential marketing services, evidently with a view to establish the bargaining power of the Society both at the producing and consuming places. Hence I offered to suggest that some sort of discriminate railing should be brought about by the Government against the present middlemen system without which the control of prices was not practicable.

Now, from a study of the provisions of the Marketing Act, I find that no such ambitious start could be made for the reason that the Act is optional to the growers besides it providing for nothing beyond checking some pernicious practices of brokers. Hence, I beg to submit a revised report suggesting a scheme for starting a Co-Operative Marketing Society at Shimoga in the light of the investigations I have so far made about the Mysore Areca Trade.

Report.

Ce/

REPORT.

The Malnad Areca grower is passing through a critical stage of his trade since the year 1925. From the available information, it looks to me, that it has become more intense from the year 1935. The following comparison of rates clearly indicates that there is too wide a margin between the rates of the retail dealer and the actual amount that reaches the hands of the grower.

		1935	36	'37	'38	'39
Retail Rates	Rs.	8/-.9/-.	9/-.12/-	10/-.14/.	8/-10/-	9/- 11
To the Grower	..	5/- 6/-	6/8 9/-	8/- 10/-	6/- 7/-	7/-.8/

Between the grower and the consumer, there are 4 middle-men each eager to knock of his maximum share. This is a feature most peculiar to this trade. With a proper control over the marketing methods, all but two of the middle-men can be eliminated when the growers' ~~possession~~ position with regard to prices is bound to be better.

The mandy merchants at Shimoga are conducting the trade in a most antiquated system. All ~~that~~ their methods are non-modern and not to be supported by the principles underlying Commercialised Selling. The growers have proved a failure in their attempts to overcome the~~t~~ practices of the tactful and cunning Dallals both of Shimoga and outside. They lack in courgge to dictate their prices before these Dallals, as they have to depend entirely on this class for disposing of their annual yield of areca, which under no circumstance, could be kept back for want of storage facilities in Malnad. Naturally, these Dallals are in a position to control the market ~~and~~ under their own unjust conditions of trade. The Marketing Society now to be started at Shimoga can make a humble beginning to shelter the grower & the consumer with by offering ~~him~~ them much superior service~~s~~ ~~in such as~~ which would tend to save leakage by the existing trade

1. By issuing a pro-forma receipt acknowledging the stocks of areca with their details regarding rates etc. which the mandy merchant is not now doing. immediately the sheets are received

42

2. By offering him advances up to a limit of 80% of the estimated value of the stock of areca given to the care of the Society at a low rate of interest. (the finance needed can be raised through share capital subscribed by the members, any advance the Government may grant and the amount the Mysore Bank may advance on the security of the stock (collected by the Society) having the good-will of the Government behind it).

Apex bank assistance against stock-

3. By passing a sale note follpwing the sale showing particulars of the name of he buyer, the rate and weight of the stock, as against the present imperfect practices followed by the mandies.

4. By adopting standardised method in making an estimate of the prices of the stocks of areca with reference to the actual quantity of different grades of areca as aginst the present arbitrary method followed by the mandy merchant in taking a handful from 4 to 6 or 8 corners of a heap of areca to be sold and fixing up an approximate price on an imaginary basis.

grading and sorting necessary

5. By helping the buyer to buy the very quality and grade of areca which is needed by him, as aginst the present practices of buying the stock as it comes from the grower, and reselling back to the mandy the unwanted varieties at a low rate. This secures him a saving in weighing charges and shields him against many manipulations in weights and prices which the mandy merchant is said to be adopting to his (buyer's) disadvantage.

6. By helping the seller at the consuming market to gain a reputation for his business through the stocks bought from the society under a standardised system of grading and packing ~~and bearing~~ affixing which would bear the trade mark of the Society - the seal of purity. This may help him to establish his business on cash-dealing-lines as against the present credit system on account of the honest methods of trade employed.

I find that the need for the organization of a Co-operative Marketing Society at Shimoga is real and pressing from the point of view of both the grower and consumer. In support of the statement I beg to mention the following facts which may be of service in clarifying some of the materials which may be required by the Government to solve a problem of such vital importance contemplating to establish the Malnad Areca trade on sound lines.

There is no evidence to prove that there is overproduction of areca nor to say that there is no ready market for all the areca grown in Mysore. Mysore nuts have a unique reputation for their superior quality and inviting taste. Among the different varieties of boiled nuts none can approach our quality - Areca. The only established rival is the Palghat Areca although Ceylon and Singapore are sttempting to run into the field and have exported small quantities (50,000 Mds.) during past two years. But it is more by reason of their cheapness in price rather than of quality that the Palghat Areca is preferred in the market.

It is a surprising fact to find that Banglore and Bowringpet markets are importing nearly 3 lacs of Maunds annually from Palghat and take less than 20,000 Mds, of Mysore Crop. The unboiled nuts of Palghat had the monopoly of Bombay and the whole of West Coast. The import of foreign nuts (unboiled) checked the prosperity of the Palghat trade in its unboiled varieties. Recently a few enterprising merchants, induced the Malabar Gardeners to supply boiled nuts which they received and processed (colouring etc.) to the market and released the nuts akin to Mysore Desavar in form which promised a better price and a ready market in the whole of the Madras Presidency. They seem to be succeeding in their attempt in so far as the physical appearance of the Areca is concerned but are they failing ultimately to command popularity from the clients who have a taste for Mysore nuts.

On account of the special methods adopted by the enterprising merchants and releasing of the Palghat Areca similar in appearance to ours, the smoothness of the Mysore-Areca Nut Market was considerably disturbed by the lowered competitive rates. As a result of this the price for Mysore Areca still remains at a low level.

Madras, Vellore, Andhra and Ceeded Districts are the chief markets for Mysore Nuts. Bangalore and Bowringpet have to be induced to deal in this product. The latter may market as much as two lacks of Mds or nearly half the total quantity produced in Mysore. if the method of production would be planned by the growers to produce Churu variety similar in appearance to Palghat Churu. Then again, there are the unexplored fields of Hyderabad State and some Southern Districts of Bombay. I was told by a certain business-man by the name of Mr. Tannon of Delhi whom I met during my tour that there is a good scope for our Areca being sold in Central India and the United Provinces if the method of production is changed to suit the requirement of those places. The following figure will help us to form some idea about the existing demand for our Areca in the already established markets :-

Markets	Average Annual Demand.
Madras	150,000 Mds,
Vellore	100,000 ..
Nellore, Bezwada, Ongole and Guntur	100,000 ..
Ceded Districts	100,000 ..
BANGALORE AND BOWRINGPET	025,000 Mds
Total	500,000 Mds.

The forgoing details clearly point out that there is a good chance of development of the Mysore Areca Trade if the Co-Operative Society that is to be started should have a planned method of its dealing with the growers whose co-operation is very essential for collecting and grading of Areca, and with the selling agency whose co-operation is very essential to

to earn for the Society a reputation that will make its goods a byword among buyers. We could approach the growers and solicit their co-operation by offering honest and straightforward methods in dealing with their stocks (details already enumerated) and not committing for the present that we are going to assure them ~~of~~ better prices. We could approach the selling problem by choosing a really capable selling ~~agency~~ agency which must offer not to press for a sole monopoly and which must at the same time be in a position to secure a growing share for the demand for Mysore Areca as also good prices, for the different qualities of our Areca. From the agency applications we have so far received such as of Best & Co, of Madras and of others at Kurnool, Adoni, and Bellary, it is to be made out that they expect a monopoly of all the supplies of Mysore Areca Some of them expect our stocks being stored for ready sale at their consuming markets, vide: the application from six merchants of Kurnool submitted with my previous reports. I would suggest that just at present the marketing is handled by a departmental officer, who could rent out a godown at Madras and keep ready stocks of different varieties and do some propoganda to ~~establish~~ familiarise the plan of the department and ~~also~~ to explain to the different merchants of the sorrounding markets the superiority of the Mysore Areca over that of the other competing varieties as also the speciality about the marketing methods adopted by the Society over that of the mandy merchants of Shimoga. ~~after~~ This would necessitate the desirability of ~~leaving~~ a propoganda ~~department~~ section being left to the control of the marketing officer of the department.

An active system of propoganda is an indespensable branch of modern trade-lines. Since the rival producers are already on the road, it behoves that this branch is adequately tackled in a competent manner. Some good customers (retail merchants) who may be buying large stocks of our Areca may at some stage change their mind and begin to buy others rival products if by ~~an~~ no effective system of propoganda, we overlook

46

to reach them at the correct time and place with the ready stock and educate them on the most favourable selling points of our Areca. The importance of propoganda in its connection with the grower cannot also be overlooked. By an effective plan, the grower must be gradually made to love the system of trading only through the Society, and through no other agency if the stocks of Areca of Malnad are to be entirely controlled ultimately with a view to control prices. The best agency to be entrusted with this work of conducting the propoganda can be the one which is directly answerable to the Department which takes up the responsibility of both collecting and selling of Areca. through the Society to be formed

As regards the distribution of expenses to be charged to the growers for stocks of Areca to be sold through the Society and the details regarding the pay of the staff etc. (other than the Government Officials to be lent) etc may conveniently be left to the first set of Directors of the prospective Society to work out and administer the best interests of the growers. As regards the initial advance the Government may have to make for hiring a godown at Shimoga and for other preliminary expenses of starting a Society (later to be reimbursed from the share amounts collected) and as regards the salaries of the marketing Officer at Madras, the Secretary of the Shimoga Society, and the funds that may have to be required for conducting propoganda both at the producing centres and the consuming markets, I humbly beg to point out that a proposal may have to be sent by your good-self to the Government.

The Society may have to be started very early so that arrangements for marketing the stocks of Areca of the coming season (in October - November) can be rendered possible.

The personal visits to the whole-sale and retail Areca traders and watching the actual deal taking place with a view to have first hand information as to the relation-ship existing among the Shimoga Mandy Merchant and the whole-saler and the Mandy Merchant and the retailer and the whole-saler and the retailer.

3. Discussion with persons possessing local knowledge and experience of Areca trade with a view to find out the short comings or merits of the present trade system.

4. Discussion with the whole-sale dealers and business firms who might interest themselves to act as our sales agents if by some method of Co-Operative marketing we should take over control of the Mysore Areca.

5. The possibilities of exploring new markets by finding out channels for the Mysore Areca in excess of the needs of the established markets

As outcome of my personal visits to the whole-sale and retail shops at different marketing centres and the discussion I had with persons possessing local knowledge and experience of Areca trade I am able to form the impressions of the present trade which I state below for your consideration.

1/ Competition at local and consuming points is very keen so much so the present Areca trade under the middle-men system is going on like a motorist driving his car without knowing the laws of road. A multitude of calculative middle-men at Shimoga do not spare any pain to employ methods - foul or fair, to attract stocks of Areca to their godowns. The grower who is a victim to the vageries of nature in Malnad for want of storage facilities rushes to the mandies with his stocks of Areca. The mandies by the very nature of the existence in a large number (22) find it very difficult to carry on their trade without resorting to unhealthy internal competition among themselves. Thus, the mandies in their race to clear off their stocks which cover the amounts they will have advanced to the growers, are more mindful of their realising their stake money, rather than securing a surplus to the grower. The mandies in their anxiety to secure a good turnover in business and to be ready to receive the succeeding year's crops commence to supply stocks simultaneously both to the whole-saler and the retailer at the different marketing centres. This hurried system of selling has deprived the whole-saler of his reasonable margin of profit he should have had from the retailer. Thus by a loose system of trade the middle-men of Shimoga have set up the retailers at the marketing centres against their whole-salers for the reason, that the retailer can ignore the whole-saler and directly attract stocks from Shimoga on a credit basis. As a natural result of this system the bargaining power of the growers through the imperfect marketing machinery they have employed, has been, and is continuing at its bare minimum. Besides, the present middle-men system of trade has always been a cost added on to the

price the consumer has paid and a cost which has always reduced the price which the grower has received. To attribute the excessive spread between the producer and consumer prices to the competition from the rival markets, such as of Palghat is absolutely baseless. The Palghat market has specialised in a particular variety of Areca in just the same way Mysore has specialised in their varieties. Both the varieties (of Palghat and Mysore) exist side by side in every consuming market. Both of them have their own specialised consumers. The whole-salers who stock both the varieties side by side (specially at a time when they are ignored by the Shimoga mandies) employ several trade stunts and set up the two markets - each against the other, just to have some margin of profits for themselves at the expense of the growers. Thus the excessive spread between the producer and consumer prices all these years have been entirely due to the unchecked marketing methods, represented by waste in the actual performance of the various functions and by exhorbitant tolls taken by the marketing middle-men, who, it cannot be denied, have all along adopted many pernicious practices.

When I levell criticism against the present marketing methods it is not my intention to decry or under-value the need for middle-man. Some sort of marketing agency is essential for the grower to make his produce reach the consumer. This therefore necessitates the existence of the middle-man who cannot surely be looked as a parasite. Neither the services are to be considered non-productive. The middle-man who performs essential marketing services is just as important a producer as is the grower who raises his product. But under no circumstance the existance of a multitude of middle-men with conflicting interests can be justified. This could be further substantiated if the following questions are put to the Shimoga mandy merchants and they are made to answer them :

1. Are you as middle-men rendering productive services to the growers in advising and guiding them to grow the exact grades and volume of Areca according to the needs of different markets ?

2. Have you at any time tried to reflect back to the ~~prices~~ producers the prices which the consumer is ~~wx~~ willing to pay.?

3. In performing different service - if you perform at all - such as processing, assembling, grading, packaging financing, storaging, transporting and distributing of Areca according to the needs of the different markets, have you created the essential utilities which enable the grower to transfer his A reca to the consumer and thereby make commercial farming possible ?

4. Have you ever placed before the growers for their consideration the possibilities of exploring new markets with a view to find out channels for Areca in excess of the needs of the established markets ?

(These questions may however be put in a way that may be intelligable to the mandy merchants).

If the answers to the above questions are in the affirmative, the justification for the continuance of the existing MIDDLE-MEN SYSTEM is there. If not, the case for discriminate railing against the system through ~~k~~ the initiative of the Government, I believe, is strongly made out. The Government can bring about this railing against the present system by insisting only those agencies which can perform the necessary functions with the maximum efficiency and the minimum cost are allowed to remain in the marketing field. Even assuming that we succeed in bringing in some method of co-operative marketing at this juncture, without a proper system of railing against the middle-men, our bargaining power is bound to remain at its minimum, the competition at local and consuming points cannot be put an end to, the standardization of the varieties of Areca cannot be brought about and naturally no adequate control over quality can be exercised , the financing and transporting costs cannot be reduced to a minimum, the business practices cannot be improved, the attempts at adjusting the quality and quantity of Areca to the demands of the market cannot be made fully effective the temporary surplus of Areca if any cannot be taken charge of,

the outlets of surplus Areca excess in need of the established markets cannot be broadened to the maximum possible extent and a proper time and place distribution of Areca cannot be brought about.

The applications received by me in person for sales agency at different marketing centres I visited, I am submitting as enclosures to this report.

The Dewan of Mysore,

Sir,

We the undersigned deputationists from the Areca Growers of Tirthahalli Taluk beg to submit the following in person at this opportunity of an interview granted to us to-day by your goodself.

It may not be out of place to recall to your kind reference that the subject of Marketing Areca on Co-operative-lines is a long pending matter which is being repeatedly urged and discussed on the floors of the Legislative Council and Assemblies from 1918.

Certain points revealed at the public meeting of growers at Tirthahalli on the 10th instant - a copy of the proceedings of which has already been submitted to your goodself - have convinced us that marketing Society formed with a view to minimise the number of middlemen operating in the field would be effecting a quick turnover in sales lowering thereby the operating costs to a considerable extent. We are sanguine that in case the Government should secure us the services of suitable officers and agents to connect us with the sonsumers in as short a trade route as possible, many pernicious practices will be put an end to and fictitious manipulation of prices can be watched and interests of the growers safeguarded.

We would humbly suggest that the market for Areca should be shifted on to consuming centres as against the present system of collecting all stocks of nearly 4½ lakhs of Mds. at Shimoga inviting buyers to come once in a way. To keep control over the different agents appointed in consuming centres a Marketing Officer may have to be stationed as our representative at Madras. At the same time the services of a competent officer as Secretary of the Society is necessary for Shimoga as he has to be the custodian of all stocks delivered by us for sale and arrange for produce loans etc. This may mean that these two officers must keep honest throughout — naturally paid well. Likewise, the agents must also be paid what the growers pay to Mandies by way of commission. So we are prepared to pay at the rate of Rs.0-4-0 per Md. and as against a little over 0-2-0 we are paying to Mandy and give areca at 44 Seers which can be sorted and graded and despatched to the agents to be appointed and controlled at the consuming centers by the marketing Officer.

The extra 4 seers given in weight should meet the grading, sorting, transporting and storaging costs of the agents. The extra 0-2-0 commission per Md. paid by us supplimented by a subvention of Rs.15,000/- which we pray that you should be pleased to grant, must enable the Society to run its two offices at Shimoga and Madras on strictly commercial lines covering all working expenses. As our trade plans have to be entirely established on systematic and honest lines we are of opinion that any savings to be effected by cutting down of expenditure would mean encouraging dishonesty in the working staff whom we

we look forward to replace 3 middlemen and save nearly Rs.2/- per Md. for the growers.

We also pray that produce loans must be made available to members up to 75% of the estimated value of the produce at a rate not exceeding 6%.

We further pray that as the produce for the current year is getting ready for the market the Society should start work early before the produce gets into the godowns of the Mandies.

We assure that it may be possible to collect 50,000/Mds. of areca from Tirthahally in the very first year - all depending upon the completeness of the marketing machinery and the enthusiasm and aptitude of the officers to be spared to the Society by the Government.

D. O. No. 165-

Dated Bangalore, ...5th...October...1939.

Dear Sir,

Re: Areca Marketing Society.

With reference to your letter No.A.F.1607/C.S.12-39-5 dated 3rd October 1939 on the above subject, I write to inform you that the appointment of the Marketing Officer - Secretary of the society - is absolutely necessary before the work of organising the society can be taken up as it requires the whole-time services of one Inspector and as the Inspectors in charge of Circles have their hands already full and cannot devote adequate attention to this special item of work. I therefore request that the appointment of Mr.B.S.Murthi as Marketing Officer may kindly be sanctioned by Government.

The sum of Rs.500/- now sanctioned will have to be utilised for the purchase of books of account, furniture etc., for the society and for the renting of godowns and offices for the society and the pay of the Marketing Officer cannot be met out of this amount.

Yours sincerely,

D. O. No. 191.

Dated Bangalore, 14th October 1939.

Dear Sir,

Re: Areca Marketing Co-operative Society.

In continuation of my D.O.letter No.165 dated 5th October 1939 on the above subject, I write to inform you that I visited Shimoga and Tirthahalli on the 11th and 12th October 1939, met a large number of the important arecanut growers, discussed the question in some detail with the Deputy Commissioner, Shimoga - District and arranged for the starting of a society. Application forms for membership in the proposed society have been printed and supplied to the Deputy Commissioner and also to the Assistant Registrar, Shimoga. I hope to be able to start the actual working of the society by the first week of November 1939.

In view of the importance of the Scheme and its successful working, I had, in the Scheme appended to my letter No.1788/C.S. dated 11th August 1939, proposed that the Deputy Registrar will be appointed to the Committee of Management of the society, that the society shall be under his immediate control, that his Headquarters shall be Shimoga during the areca season from December to May and that his office will be located in Shimoga during the period. The Deputy Commissioner, Shimoga has agreed to find accommodation in his office for locating the Office of the Deputy Registrar during the period. The Deputy Registrar has been allowed one clerk on Rs.30-3-60 and two peons on Rs.12/- each to work under him. I request that sanction of Government may kindly be accorded to the making of Shimoga as the Headquarters of the Deputy Registrar from the middle of November 1939 to about the middle of April 1940 and the transfer of the clerk and the peons now attached to him and borne on the establishment of this office to Shimoga during the

Re.: Areca Marketing Society.

With reference to your letter No: A.F. Camp 3-C.S. 12-39-8 dated the 16th instant calling for information regarding the pay proposed to be given to the Marketing Officer I have the honour to state that it was originally proposed to give a salary of Rs. 100/- to the Marketing Officer. Mr. B. S. Murthi is getting a pay of Rs. 55 in grade Rs. 40-5-75 as temporary II grade Inspector of Co-operative Societies. The work of the Marketing Officer - Secretary is a responsible one. He is the custodian of the areca till the quantity is railed from Shimoga. He has to grade the areca brought to the society's godown, weigh the same and stock it carefully, besides attending to the business correspondence of the society. He has to deal tactfully with the members on the one hand and the merchants and the distant buyers on the other. With these factors in view, I had proposed in my previous letter a provision of Rs. 100/- per mensem towards the salary of the Marketing Officer. But in view of the necessity for effecting economies in expenditure and the fact that until the successful working of the society is assured it is not desirable to fix the salary of Mr. Murthy at nearly double his present pay, I propose that Mr. B. S. Murthy may be appointed as Marketing Officer and Secretary of the

97

society on a salary of Rs. 75/- per mensem to start with and I request that sanction of Government may kindly be obtained therefor at an early date.

I have the honour to be,

Sir,

Your most obedient servant,

Registrar of Cs.

To

J. Appaji Gowda, Esq., B.A(Hons),
Secretary to Government,
General Department,
Bangalore.

Sir,

In modification of the proposals contained in my D.O.No:191 dated 14th October 1939 in the matter of placing an Officer of the Department in charge of the Areca Marketing Co-operative Society at Shimoga, I have the honour to submit the following revised proposals for the consideration and orders of Government:-

Government had in their order No: D.8121-3/C.S.73-37-6 dated 19th April 1938 constituted the administrative charges of the Divisional Officers as follows:--

Name of Division.	Jurisdiction.	Head Quarters.	No: of societies in the Division.
Bangalore.	Bangalore District (including Bangalore City, excepting the societies under the direct control of the Registrar)	Bangalore.	411
Mysore.	Mysore & Mandya Districts (including Mysore City)	Mysore.	326
Hassan.	Hassan and Kadur Districts.	Hassan.	295
Shimoga.	Shimoga & Chitaldrug Districts.	Shimoga.	388
Tumkur.	Tumkur & Kolar Districts.	Tumkur	476

In view of the fact that the Areca Marketing society requires the special attention of an officer I propose that the Assistant Registrar of Co-operative Societies, Shimoga Division may be relieved of the charge of the societies in the Chitaldrug District and placed in charge of only the Shimoga District so that he may, during the areca season, devote most of his time for the working of

100

the society. The following redistribution of charges of the Officers may therefore be ordered:-

	No: of Societies.	Head Quarters.	Name of Officer.
1. Societies in Bangalore City, Bangalore Taluk and Anekal Taluk, in addition to the work that has been at present entrusted to him.	188	Bangalore.	Deputy Registrar.
2. Bangalore Division:- Societies in Bangalore Dist. (excluding Bangalore City, Taluk and Anekal Taluk) and societies in Kolar District.	430	Bangalore.	Assistant Registrar Bangalore. Division.
3. Societies in Tumkur & Chital-Districts.	424	Tumkur.	Assistant Registrar Tumkur Division.
4. do Hassan & Kadur Districts.	295	Hassan.	do Hassan Division.
5. do Mysore & Mandya Districts.	282 326	Mysore	do Mysore Dn.
6. Societies in Shimoga District.	233	Shimoga.	do Shimoga Dn.

As the work in the Shimoga Division will be considerably reduced, one Clerk of that Office will be transferred to Bangalore to work under the Deputy Registrar.

Dear Sir,

I send herewith for your information a copy of letter No: A.4.C.179-5/36-37 dated 13-11-1939 received from the Deputy Commissioner, Shimoga District intimating that it will not be possible to conduct the inaugural meeting of the Malnad Areca Marketing Co-operative Society on the 22nd instant. In the circumstances the proposed tour of the 2nd Member in the Shimoga District will have to be postponed for the present. As Mr. Seshadri is expected to be here on the 17th instant I shall discuss the question with him and fix up a suitable date. I request that this may kindly be brought to the notice of the Member.

Orders regarding the financial assistance to the Areca Marketing Society may also kindly be expedited.

I have your D.O.letter No: M.A.S.dated the 11th/12th instant. At the request of the Assistant Registrar Hassan I have already sent 200 copies of the forms of application of membership to him. These are presumably intended for the Kadur District. I note that you are issuing immediately, orders about the constitution of the Committee of management. I trust that you will obtain very early orders of Government about th[redacted] vention to the society. Please place at my disp[redacted] as early as you can, the money that has already be[redacted] sanctioned by Government for preliminary expenses for organising the society.

I was not able to do anything at Madras. I had an attack of Malaria in the train soon after I left Shimoga and I had fever on, most of the time that I was at Madras. I am afraid 22nd is too early for the inaugural meeting. It will have to be postponed by about a week or ten days. I expected to be in Bangalore on the 17th. We may fix up the details then

Dear Sir,

Re: Malnad Areca Marketing Co-operative Society.

With reference to my letter No: 4645/C.S. dated 27-10-1939 requesting that sanction may be accorded for Mr. B. S. Murti, B.A. Inspector of Co-operative Societies on Rs. 55/- in grade Rs. 40-5-75 being appointed Secretary of the Malnad Areca Marketing Co-operative Society on a salary of Rs. 75/- per mensem, I write to inform you that both the Deputy Commissioner, Shimoga, and the Assistant Registrar, Shimoga inform me that Mr. B. Correspondence ending with letter No. 5118/C.S. dated 9th November 1939 from the Registrar of Co-operative Societies, forwarding proposals for the starting of a marketing Co-operative Society for areca at Shimoga.

ORDER NO. A.H. 2479-81 /C S 12-39-12

Dated, Bangalore 24-11-..... 1939

D 24-11-39
Boleyamma N. Urs

The question of the re-organisation and the development of the areca trade has been under the consideration of Government for some time past. Representations have been made both in the Representative Assembly and the Legislative Council for improving the areca trade in the State which is hard hit as a result of the economic depression, severe competition and want of facilities for advantageous marketing.

2. The Registrar of Co-operative Societies has forwarded a scheme for starting an Areca Marketing Co-operative Society with limited liability, at Shimoga with jurisdiction over Shimoga and Kadur Districts and with an authorised capital of one lakh of rupees divided into 10,000 shares of Rs. 10/- each. The Society will be a purely marketing society, its object being to store under its supervision the areca brought by the growers and to arrange for its sale after proper sorting and grading at Shimoga.

3. The control of the Society will vest in a Board of Management consisting of twelve

16E

members Viz., the Deputy Commissioner, Shimoga District as Chairman, the Assistant Registrar of Co-operative Societies, Shimoga Division, four members nominated by the Registrar and six members elected by the general body. An Inspector of Co-operative Societies will be appointed as marketing Officer and will be in charge of the Society as Secretary. The first Board of Management will be appointed by the Registrar of Co-operative Societies and it will hold office for a period of two years.

4. The expenses of the Society are estimated at Rs.6,750/- per annum and the receipts at Rs. 3,750/- on the basis of the levy of a commission of 2 annas per maund on 30,000 maunds which is estimated to be the quantity of areca that will be handled in a year. A subvention of Rs. 3,000/- per annum from Government is asked for to cover the deficit.

5. Government are pleased to sanction the scheme for starting an Areca Marketing Co-operative Society at Shimoga with jurisdiction over Shimoga and Kadur Districts and to grant a subvention not exceeding Rs.3,000/- per annum for a period of two years to enable the Society to cover the deficit in the working of the Society. To meet the preliminary expenses an advance of Rs.500/- is sanctioned subject to adjustment from the subvention.

6. Mr. G.K Srinivasaiengar, M.A.,

107

Inspector of Co-operative Societies is appointed as Marketing Officer and Secretary of the Society on Rs. 75/- per mensem, the usual leave and pensionary contribution of the Inspector being levied from the Society.

7. The Assistant Registrar of Co-operative Societies, Shimoga Division, now in charge of the Societies in Shimoga and Chitaldrug Districts will be relieved of the charge of the Societies in the Chitaldrug District and will be placed in direct charge of the Areca Marketing Society

8. Separate orders will be issued regarding the re-distribution of jurisdiction of the several Assistant Registrars in the Department.

ಸ್ವಾಮಿ, ಮಲೆನಾಡಿನ ಮುಖ್ಯ ಫಸಲಾದ ಅಡಿಕೆಯ ಬೆಲೆಯು ಕುಗ್ಗಿದಂದಿನಿಂದ ಬಡತನಕ್ಕೆ ಸಿಕ್ಕಿ ನರಳುತ್ತಿರುವ ಮಲೆನಾಡಿನ ರೈತರ ಆರ್ಥಿಕ ಸ್ಥಿತಿಯನ್ನು ಉತ್ತಮಗೊಳಿಸಲು ಘನಸರ್ಕಾರದವರು ಅನೇಕ ವರ್ಷಗಳಿಂದಲೂ ಮಾಡಿದ ಪ್ರಯತ್ನಗಳು ನಮ್ಮ ಚಿತ್ತಕ್ಕೆ ವೇದ್ಯವೇ ಆಗಿವೆ. ಅಡಿಕೆಗೆ ಸರಿಯಾದ ಬೆಲೆಯು ದೊರೆಯುವಂತೆ ಮಾಡಬೇಕಾದರೆ ಮಲೆನಾಡಿನ ಪ್ರಜೆಗಳಲ್ಲಿ ಪರಸ್ಪರ ಸಹಾಯೇಚ್ಛೆಯನ್ನು ಅಭಿವೃದ್ಧಿಗೊಳಿಸಿ ಅಡಿಕೆಯ ಫಸಲನ್ನೆಲ್ಲಾ ಶೇಖರಿಸಿ, ಸಂಘವೊಂದರ ಮೂಲಕ ಮಾರಾಟಮಾಡುವುದೊಂದು ಮಾರ್ಗವೆಂದು, ಘನಸರ್ಕಾರದವರು ನಿಶ್ಚಯಿಸಿ ಅಡಿಕೆ ಮಾರಾಟದ ಸಹಕಾರ ಸಂಘವೊಂದನ್ನು ಸ್ಥಾಪಿಸಿಕೊಟ್ಟು, ನಮ್ಮ ಈ ಸಂಘದ ಬಾಲ್ಯಾವಸ್ಥೆಯಲ್ಲಿ ಇದರ ಕಾರ್ಯಕಲಾಪಗಳು ಸುಲಲಿತವಾಗಿ ನಡೆಯಲು ಅತ್ಯವಶ್ಯಕವಾದ ತಮ್ಮ ಬೆಂಬಲವನ್ನು ನೀಡುವುದಾಗಿ ಭರವಸೆಯನ್ನಿತ್ತಿರುವುದಕ್ಕಾಗಿ ನಮ್ಮ ಘನಸರ್ಕಾರದವರಿಗೂ, ನಮ್ಮ ಸಂಸ್ಥಾನದ ದಿವಾನಸಾಹೇಬರವರಿಗೂ, ಈ ಸಹಕಾರ ಸಂಘದ ಸ್ಥಾಪನೆಗೆ ಕಾರಣಭೂತರಾದ ತಮಗೂ, ನಮ್ಮ ಸಂಸ್ಥಾನದ ಸಹಕಾರ ಸಂಘಗಳ ರಿಜಿಸ್ಟ್ರಾರ್‌ರವರಿಗೂ ನಾವು ಚಿರಋಣಿಗಳಾಗಿದ್ದೇವೆ. ಅಲ್ಲದೆ ನಮ್ಮ ಸಂಘದ ಸ್ಥಾಪನಾಕಾರ್ಯಗಳಲ್ಲಿ ನೆರವು ಕೊಡೂರು ಜಿಲ್ಲಾಧಿಕಾರಿಗಳಿಗೂ ನಾವು ತುಂಬಾ ಕೃತಜ್ಞರಾಗಿದ್ದೇವೆ. ಮಲೆನಾಡಿನ ರೈತರ ಪುರೋಭಿವೃದ್ಧಿಗಾಗಿ ಸ್ಥಾಪಿತವಾಗಿ, ಘನಸರ್ಕಾರದವರ ಕೃಪೆಗೆ ಪಾತ್ರರಾಗಿರುವ ನಮ್ಮ ಈ ಸಹಕಾರ ಸಂಘದ ಕಾರ್ಯಕಲಾಪಗಳು ಯಶಸ್ವಿಯಾಗಿ ನಡೆದು ಅತಿ ಶೀಘ್ರದಲ್ಲಿಯೇ ನಮ್ಮ ಮಾದರಿ ಸಂಸ್ಥಾನದಲ್ಲಿ ಸಹಕಾರ ಸಂಘಗಳಿಗೆ ಮಾದರಿಯಾಗುವುದೆಂದು ನಾವು ದೃಢವಾಗಿ ನಂಬಿದ್ದೇವೆ.

ಸ್ವಾಮಿ, ಈ ಸಂದರ್ಭದಲ್ಲಿ ನಮ್ಮ ಸಂಘಕ್ಕೆ ಸಂಬಂಧಿಸಿದ ಒಂದೆರಡು ಪ್ರಾರ್ಥನೆಗಳನ್ನು ತಮ್ಮಲ್ಲಿ ನಿವೇದಿಸಲು ತಮ್ಮ ಅನುಮತಿಯನ್ನು ಬೇಡುತ್ತೇವೆ. ತನ್ನ ಬಾಲ್ಯಾವಸ್ಥೆಯಲ್ಲಿ ಆರ್ಥಿಕ ಮುಗ್ಗಟ್ಟಿನ ಹೊಡೆತಕ್ಕೆ ಸಿಕ್ಕದಂತೆ ಪಾರುಮಾಡಲು ಘನಸರ್ಕಾರದವರು ಈ ಸಂಸ್ಥೆಗೆ ಎರಡು ವರ್ಷಗಳಕಾಲ ಉದಾರಸಹಾಯವನ್ನು ಮಾಡುವಂತೆ ಭರವಸೆಯನ್ನಿತ್ತಿದ್ದಾರ್ಯೂ, ಸರ್ಕಾರದವರು ನೇಮಿಸಿರುವ ಕಾರ್ಯದರ್ಶಿಗಳ ತಲಬನ್ನು ವಹಿಸುವುದು ಈ ಸಂಘಕ್ಕೆ ಬಲು ಭಾರವಾಗುವುದೆಂಬುದನ್ನು ತಮ್ಮಲ್ಲಿ ಅರಿಕೆಮಾಡಿಕೊಳ್ಳಲು ಬಯಸುತ್ತೇವೆ. ಆದಕಾರಣ ಸರ್ಕಾರದವರು ಈಗ ನೀಡಿರುವ ಸಹಾಯದೊಂದಿಗೆ ಸಂಘದ ಕಾರ್ಯದರ್ಶಿಗಳ ತಲಬನ್ನು ಅವರೇ ವಹಿಸಬೇಕೆಂದೂ ಮತ್ತು ಸರ್ಕಾರದವರು ಆಜ್ಞಾಪಿಸಿರುವ ಧನಸಹಾಯವನ್ನು ಮೂರು ವರ್ಷಗಳಕಾಲ ನೀಡಬೇಕೆಂದೂ ದೈನ್ಯದಿಂದ ಕೇಳಿಕೊಳ್ಳುತ್ತೇವೆ. ಅಲ್ಲದೆ ಆರಂಭವರ್ಷಗಳಲ್ಲಿ ಈ ಸಂಘಕ್ಕೆ ಸ್ಪರ್ಧೆಕ ಮಾರಾಟದ ಅಧಿಕಾರಿಗಳನ್ನು ನೇಮಕಮಾಡಿಕೊಂಡಲ್ಲಿ ಹೆಚ್ಚಿನ ವೆಚ್ಚಕ್ಕೆ ಅವಕಾಶವಾಗುವುದರಿಂದ ಸರ್ಕಾರದ ವ್ಯಾಪಾರ ಮತ್ತು ವಾಣಿಜ್ಯಶಾಖೆಯ ಮಾರಾಟದ ಅಧಿಕಾರಿಗಳ ಸಹಾಯವನ್ನು ಸಂಘಕ್ಕೆ ಒದಗಿಸಿಕೊಡಬೇಕೆಂದು ತಮ್ಮಲ್ಲಿ ವಿನಯದಿಂದ ಪ್ರಾರ್ಥಿಸಿಕೊಳ್ಳುತ್ತೇವೆ.

ಸ್ವಾಮಿ, ಇನ್ನು ತಮ್ಮ ಅಮೂಲ್ಯವಾದ ಕಾಲವನ್ನು ವಿಳಂಬಮಾಡದೆ ನಮ್ಮ ಈ ಅಡಿಕೆ ಮಾರಾಟದ ಸಹಕಾರ ಸಂಘದ ಪ್ರಾರಂಭೋತ್ಸವವನ್ನು ನೆರವೇರಿಸಬೇಕೆಂದು ತಮ್ಮಲ್ಲಿ ಬೇಡುತ್ತೇವೆ. ತಮ್ಮ ಅಮೋಘವಾದ ದೇಶಸೇವೆಯು ನಮಗೆಲ್ಲಾ ಮೆಲ್ಪಂಗ್ತಿಯಾಗಿ ನಿಮ್ಮ ಈ ಸಂಘವು ಚಿರಸ್ಥಾಯಿಯಾಗಿ, ಮಲೆನಾಡಿನ ರೈತರ ಕಾಮಧೇನುವಾಗಿ ಪರಿಣಮಿಸಲೆಂದು ಜಗದೀಶ್ವರನನ್ನು ಅಜಲಿಬದ್ಧರಾಗಿ ಪ್ರಾರ್ಥಿಸುತ್ತೇವೆ.

ಸ್ವಾಮಿ, ಈ ಸುಸಮಯದಲ್ಲಿ ಪ್ರಜಾವತ್ಸಲರೂ, ರಾಜರ್ಷಿಗಳೂ ಆದ ನಮ್ಮನ್ನಾಳುವ ಮಹಾಸ್ವಾಮಿಯವರಲ್ಲಿ ನಮಗೆಲ್ಲರಿಗೂ ಇರುವ ಅತುಲವಾದ ರಾಜಭಕ್ತಿಯನ್ನು ತಮ್ಮಲ್ಲಿ ಶ್ರುತಪಡಿಸಲು ಬಯಸುತ್ತೇವೆ. ನಮ್ಮ ಪ್ರಭುವರ್ಯರಿಗೂ, ರಾಜಮನೆತನದವರಿಗೂ, ನಮ್ಮ ಸಂಸ್ಥಾನದ ದಿವಾನಸಾಹೇಬರವರಿಗೂ, ತಮಗೂ ಇತೋಽಭ್ಯತಿಶಯವಾಗಿ ಆಯುರಾರೋಗ್ಯ ಐಶ್ವರ್ಯಾಭಿವೃದ್ಧಿಯನ್ನು ಕರುಣಿಸಲೆಂದು ಸರ್ವಶಕ್ತನಾದ ಭಗವಂತನಲ್ಲಿ ಪ್ರಾರ್ಥಿಸುತ್ತೇವೆ.

Marketing of Mysore Areca Nuts.

We enclose a copy of the terms on which we were offered your Sole-Agency in the Madras Presidency for the sale of Mysore Areca Nuts, at the meeting held on 18th January 1940 at Shimoga. After the meeting, a copy of these terms was handed to the Assistant Registrar of Co-operative Societies,Shimoga, who is the ex-officio Vice-President, and he and also the Registrar of Co-operative Societies in Mysore verbally confirmed them. Do you also wish us to work in the States of Travancore, Cochin and Pudukottah?

We hereby confirm our acceptance as your Sole-Agents in the Madras Presidency on the terms agreed to at that meeting, and we now await the society's formal confirmation and a draft of your proposed agreement in connection therewith.

We understand that the Board of Directors of the society will meet early in March to confirm our appointment as Sole Agents in the Madras Presidency, and that the Registrar of Co-operative Societies in Mysore will also be present at that meeting. In the meantime, we shall be grateful if you will send us now, a sufficient quantity of the various grades and qualities of Areca Nuts to be used as samples, with quotations F.O.R. destination at the various consuming centres in the Madras Presidency.

Special care should be taken to select samples of the special grade and quality of areca nuts suitable for each separate consuming centre, and the keenest prices should be quoted to assist in meeting competition. It will, of course, be understood that whenever possible we will obtain higher rates.

Your prices should be F.O.R.destination (including our commission) for the nett weight of the areca nuts only, and at the same time please indicate to us the cost of the packing charges which are to be recovered from the buyers.

We understand that there is a concessional rate of Railway freight for areca nuts from Shimoga to Madras, consequently it

P.T.O.

128

it will be advantageous for the dealers in Nellore, Ongole, Guntur and Bezwada to have the Areca nuts booked to Madras, and rebooked from here to destination. You will be able to obtain the rates of freight from Shimoga and, therefore, we suggest that you quote two rates i.e., F.O.R. Madras and F.O.R. Nellore, Ongole, Guntur and Bezwada direct from Shimoga for the special grade of areca nuts required by these markets.

At the meeting held in Shimoga on 18th January it was decided that all sales should be for cash payment, but we are informed that it is the custom of the Mandi Merchants in Shimoga to allow credit to Co-operative Societies, and also that they allow 1% discount for all cash payments in Shimoga or ¾% discount if cash is paid at destination. This is obviously a very valuable sel[redacted] factor, and if we are successfully to meet competition from t[redacted] Mandi Merchants, who will no doubt offer special facilities t[redacted] prevent the society from interfering with their trade in Mysore [redacted] Areca Nuts, it will be necessary for your society to offer the same or similar terms to induce buyers to purchase from the -- society instead of from the Mandi Merchants. This cash discount could be included in your costs.

It was also mentioned at the meeting that to meet competition it may be necessary for the society to sell at whatever rates are proved necessary to meet the competition of the Mandi Merchants, who at first may be willing to suffer losses in order to make the society's business difficult.

It was pointed out that the object of the society is to assist the Ryots to obtain a price for their crops which would cover all their working expenses plus a reasonable profit for them. This could be achieved if the whole of the Areca nuts - grown in Mysore were sold through the society, as they would then have a monopoly which would enable them to fix selling rates to cover all expenses etc. Until monopoly is attained, some support from the Mysore Government may be found necessary.

It was agreed at the meeting to place these facts before

129

before the Mysore Government through the Registrar of Co-operative Societies in Mysore. We hope this will be done at an early date and that grants will be sanctioned by the Mysore Government to assist in meeting competition from the Mandi Merchants.

****

Letter dated 15th February 1940 from the Secretary, The Malnad Areca Marketing Co-operative Society,Ltd., Shimoga, to -- Messrs.Binny & Co., Madras.

In continuation of our letter No.538 dated 29-1-1940, I am desired to say that the terms of the agency proposed by you were considered at a special meeting of the Committee of Management on the 8th instant. After a full discussion of all the aspects of the question, the Committee was unanimous that the following additional terms should be laid down viz.-

1. The Agent must guarantee a sale of 5,000 bags or 25,000 maunds of areca this season.

2. The Agency must be terminable at three months' notice on either side

3. The disputes arising out of the contracts shall be - settled by arbitration by the Registrar of Co-operative Societies in Mysore. As the Registrar of Co-operative Societies is proposed to be made the Arbitrator, the Committee cannot agree to the previous concurrence of the Registrar for the termination of the agency.

4. Immediately the consignment is despatched or ordered by the Agent, the society will draw upon the Agent for the full value of the consignment at 22½ days' sight. The society reserves the right to make local sales to merchants in the Madras Presidency. The volume of such sales will be taken into account in computing the quantity to be guaranteed by the Agents.

2. I shall be grateful if you will kindly let me know your views as early as possible.
